About 1-World Investments

Australian trading and investment company supporting cross-border commodity transactions

A practical partner for buyers and suppliers

1-World Investments Pty Ltd supports commodity sourcing, trade facilitation and buyer-side coordination. We focus on connecting commercial requirements with suitable supply opportunities and helping transactions move from enquiry through to agreed commercial and delivery terms.

Our approach is transaction-led: product specification, quantity, packing, origin, destination, Incoterm and payment structure are clarified early so that the correct supplier and logistics pathway can be evaluated.

Trusted Partnerships | **Global Connections** | **Practical Solutions** | **Real Outcomes**

PEOPLE | MARKETS | OPPORTUNITIES

ONEWORLD
INVESTMENTS

Core Capabilities

Flexible commercial support around each commodity transaction

Commodity Sourcing

Identify and engage suitable supply options against buyer specifications.

Trade Facilitation

Coordinate commercial communication, requirements and transaction flow.

Logistics Coordination

Structure freight and delivery arrangements with third-party providers as required.

Documentation Support

Coordinate commercial documentation and shipment information for the agreed transaction.

Each transaction is subject to supplier availability, buyer requirements, destination rules and agreed commercial terms.

ONEWORLD INVESTMENTS

Grains, Pulses & Oilseeds

Core agricultural commodities for bulk and containerised trade

Wheat

Barley

Sorghum

Chickpeas

Additional agricultural supply focus

Lentils | Canola | Canola Oil | Rice | Cotton | Sugar

Commercial offers should state crop/grade, crop year where relevant, origin, packing, quantity, destination and Incoterm.

ONEWORLD
INVESTMENTS

GLOBAL SOLUTIONS.
REAL IMPACT.

Food, Oils & Dairy

Expanded supply capability for packaged and bulk food commodities

Canola Oil

Refined or specification-based supply subject to origin and packing requirements.

Ghee

Food-grade ghee supply subject to brand, pack size and destination requirements.

Cheese

Cheese products can be sourced against type, grade, pack and cold-chain requirements.

Sugar

Bulk or packaged sugar supply subject to grade, origin and commercial terms.

Honey

Food-grade honey can be sourced by floral variety, origin, pack size and destination requirements.

Food products may require specific certification, shelf-life, labelling, temperature-control and import approvals depending on destination.

Fertilisers & Industrial

Bulk commodity sourcing for agriculture and industry

UREA 46%

A key nitrogen fertiliser supporting global food security and agricultural productivity.

- Consistent specification
- Global supply options
- Bulk volumes and competitive terms

DAP

Widely used phosphate fertiliser for agricultural and industrial applications.

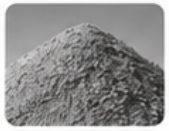

Sulphur Granules

Industrial and agricultural grade sulphur in bulk and bagged supply.

Hydrated Lime

Quality hydrated lime for agriculture, industrial and environmental applications.

Cement

Bulk cement supply for infrastructure and industrial projects.

Polymer Products

A range of polymer products for industrial and manufacturing use.

Commercial offers can be structured against required origin, specification, quantity, loading port, shipment window and Incoterm.

Products are subject to availability, specification, origin, certification, destination requirements and agreed transaction terms.

Energy, Meat & Timber

Additional sourcing opportunities subject to supplier and destination requirements

Beef & Lamb

Cuts, carcass and other meat products can be sourced against required certification, grade, packing, cold-chain and destination requirements.

Pet Coke

Bulk energy product supply subject to grade, origin, shipment structure and destination requirements.

Timber Logs

Pine and other timber products can be considered subject to species, dimensions, origin, phytosanitary and destination requirements.

Other sourcing focus: Specialty Timber Products

Products are subject to availability, specification, origin, certification, destination requirements and agreed transaction terms.

Bangladeshi Garments

QUALITY APPAREL
GLOBAL OPPORTUNITIES

FROM BANGLADESH TO A BRIGHTER TOMORROW

Reliable sourcing options across knitwear, woven apparel and private-label production

Knitwear

T-shirts, polos, sweatshirts, hoodies, knit tops and casual wear.

Woven Garments

Shirts, blouses, trousers, chinos, shorts, dresses and formal wear.

Denim

Jeans, jackets, skirts and denim-based fashion wear.

Uniforms & Workwear

Corporate uniforms, industrial workwear, hospitality wear and safety apparel.

Private Label Supply

End-to-end manufacturing for global brands, with custom designs, fabrics and branding.

Product ranges include: Menswear | Womenswear | Kidswear

GARMENT SUPPLY | Garment supply can be structured subject to style, fabric, sizing, branding, MOQ, compliance, labelling and destination requirements.
